

Purjeet Vinod Shahu

Education

2024 – 2028 **B.Tech in Information Technology**, A. P. Shah Institute of Technology, Thane, Maharashtra

Experience

- Apr – Jun 2026 **Data Science Master Internship**, AICTE - EduSkills (Siemens), Grade: Outstanding
Completed a 10-week internship in Data Science covering data analysis, machine learning, and AI-driven insights via the National Internship Portal.
- Jan – Mar 2026 **Android Developer Internship**, AICTE - EduSkills (Google for Developers), Grade: Outstanding
Completed a 10-week internship in Android Development, building mobile apps with practical experience supported by Google's India Edu Program.
- Oct – Dec 2025 **Ethical Hacking Internship**, AICTE - EduSkills, Grade: Outstanding
Completed a 10-week specialized internship in Ethical Hacking, gaining hands-on experience in cybersecurity fundamentals via the National Internship Portal.
- Jul – Sep 2025 **Java Full Stack Developer Internship**, AICTE - EduSkills
Completed a 10-week internship gaining practical experience in Java full-stack technologies via the AICTE National Internship Portal.
- Jul – Sep 2025 **NPTEL Course Certification**, NPTEL (IIT Kharagpur)
Completed the 8-week NPTEL course on Database Management Systems, achieving an Elite certification.

Projects

- 2026 **Shram Setu - Bridge to Fair Pay**, Social Impact (Mini-Project)
Engineered ShramSetu, a blockchain-based labor welfare platform that creates transparent and tamper-proof wage records. By enabling verifiable work histories, payment tracking, and compliance monitoring, it empowers workers with secure proof of work and helps prevent wage exploitation.
- 2026 **Personal AI Assistant (Dual Persona)**, Personal Project
Architected an advanced voice AI system (Gemma 2B / Llama 3) featuring dual conversational modes and OS-level automation. Integrated a hybrid NLP parser with a robust Pytest testing framework for multilingual task execution, live API data fetching, and secure management of OAuth credentials.
- 2025 **Sneh Saathi - AI Companion for Elderly**, Android Application
Designed and developed an AI-driven companion app for elderly users, focusing on intuitive UI/UX and empathetic interaction models. Integrated personalized conversational features to provide emotional support and accessibility focused assistance.
- 2025 **PrepGuru**, Social Impact (Mini-Project)
Developed a comprehensive interview preparation platform designed to help students master technical concepts through interactive learning modules and structured assessments.

Technical Skills

Languages	JavaScript, Python, Java, C, SQL, HTML5, CSS3
Frameworks	Flask, Django, React.js, Node.js, Pytest, Ollama
Databases	MySQL, SQL (NPTEL Certified), ChromaDB
Tools	Git, GitHub, VS Code, Google Cloud Console (OAuth), Kafka, H2 Database
Cybersecurity	Ethical Hacking Foundations, IAM Strategy, Zero Trust, Penetration Testing

Certifications & Achievements

- May 2026 **Semi-Finalist**, *ET-AI Hackathon 2026 (National Level)*
Selected as a Semi-Finalist in the national level ET-AI Hackathon 2026 for innovation, collaboration, and AI solution development.
- Apr 2026 **1st Place Winner**, *Beyond the Code 2026*
Secured FIRST PLACE as part of Team Kaam Chalau Coders in the competitive coding event Beyond the Code.
- Mar 2026 **Runner-Up**, *Codeathon 2026: SoloSprint*
Achieved Runner-Up Position in the individual coding competition organized by the Information Technology Student Association (ITSA).
- Mar 2026 **Finalist**, *Hack4Innovation 2026*, Vivekanand Institute of Technology
Reached the Final Round as a member of Team Tandoori Techies, showcasing innovation and problem-solving skills.
- Jan 2026 **Software Engineering Job Simulation**, *J.P. Morgan Chase & Co. (Forage)*
Completed practical tasks in Project Setup, Kafka & H2 Integration, and REST API development.
- Jan 2026 **Cybersecurity Analyst Job Simulation**, *Tata (Forage)*
Gained hands-on experience in IAM fundamentals, strategy assessment, and crafting custom IAM solutions.
- Jan 2026 **GenAI Powered Data Analytics**, *Tata (Forage)*
Completed practical tasks in exploratory data analysis, risk profiling, and delinquency prediction using AI.
- Jan 2026 **Cyber Security Job Simulation**, *Deloitte (Forage)*
Completed a practical job simulation focusing on industry-standard Cyber Security tasks and defensive strategies.
- Jan 2026 **Elements of AI**, *University of Helsinki & MinnaLearn*
Completed a 2 ECTS credits online course on the fundamental principles and logic of AI.
- Sep 2025 **1st Place Winner**, *HackStreak 1.0*, A.P. Shah Institute of Technology
Secured FIRST PLACE in the competition hosted by the Information Technology Student Association (ITSA).
- Aug 2025 **Problem Solving (Basic)**, *HackerRank*
Demonstrated proficiency in fundamental data structures and algorithmic problem-solving via skill certification.
